9. Do you have any other comments to add to your evaluation?

Please keep your comments constructive and professional, abiding by the Principles of Community

- Gives the tools we need to answer the question, really helpful since this class is heavily focus on theories and concept
- Jason goes out of his way to help students without giving them any explicit answers, and I really appreciate it. That being said, his hints can sometimes be a bit abstract and confusing, but I know he just wants me to come to the correct conclusion on my own. I would just request that he sometimes be a little bit more concrete in his hints, as this class is very difficult. Overall, he was a huge help and my grade would not be as high as it is without him!
